Friday, Sept. 30, 1910.

#### POLITICAL.

For weeks past the Record has been beseiged with questions as to why there has been no mention made of probable candidates for county officers. The reason such is the case is because of the fact that nothing reliable can be learned. If one they should be almost ready to close. approaches a man who in the past The managers of the Hall bave been has had aspiration, or who is now interviewed concerning this and state holding office, and ask if he is a candidate, the questiner is invariably play at least an hour earlier but the pet off with the remark: "I am in the hands of my party. If the members desire me to run for office I shall do so, I have no preference one way or the other."

Now, it is impossible to dish out reliable political dope under these conditions, so the Record has kept quiet. To satisfy a few of our readers who are insistent that mention be made of a few of the probable candidates a little that has been learned on the streets is given.

So far as has been learned the Socialists have not come out very strong in the matter of candidates and the only one mentioned to the knowledge of the Record is Mrs. Barbara Tweedle for recorder. Mrs. Tweedle is certainly qualified to hold the office, but whether or not she has been approached on the subject is not known.

The democrats are rather quiet, too, only one man being suggested for office, Mr. John Parry for representative to the legislature. It is understood that he is mentioned because of the fact of his strong love too the Branch Normal and Iron County in particular. Mr. Parry was a representative to the legislature several years ago and did yoeman

are E. L. Clark for senator, he tice of intention to make Final Proof, being as strong a man as the republicans can produce; Bp. H. W. Lunt as representative to the legislature, who is known to be solid for his county, and for his party. The only other one that has been brought to the attention of the Record is R. J. Bryant, Jr. a young man of sterling qualities and thoroughly qualified for the position for which he has been mentioned. that of County superintendant of schools and county surveyor, the two offices having been combined recently by the commissioners. So far as is known be is the only man in the republican ranks that has the qualifi cation necessary to hold these combined offices.

That is the limit of the information, politically, that has come to the notice of this office.

## PUNCTUALITY.

There are a number of very important questions that arise every week which are worthy of discussion through these columns. Among the most important once is the question of punctuality, not only at public meetings and business engagements, but also at our places of amusement.

The people of our progresalvo little city are a trifle, or shall I say very, negligent of this one thing: they are not punctual enough. Of course, there are a few who, when they say they will be there at a certain time, are sure to be prompt What a sence of security and satisfaction it is to have an engagement with one of those few on whom you know that you will not have to wait a quarter, a half or perhaps a whole hour to meet them.

bi Did you ever notice that it was the employee who was always on time or a little before time at his work who received promotion? The man who sees the importance of giving his employer as much or a little more of his time than is required is the man who will win out in the game of

11fa

A person who is dilitory at every. thing will never be much of a success in this world, for he will soon be left far behind those who will be present and keep in step with

the world's progress. About the most noticeable lack of punctuality, not only on the part of our citizens but traveling people as well, is at our amusement halls. An example has been shown this week during the theatrical engagement at the Ward Hall. The audience would all be assembled shortly after the time sat for the performance to commence and would have to wait almost an hour for the curtain to rise. This was not a fault of the people but due to the management of the company. It might also have been partly due to the managers of the Hall.

At our dances the condition is worse and is due entirely to the lax hibits of our young people. The dances very seldom start before 9:30 or 10 o'clock, just the time when that they have the musicians ready to young people simply will not come out at that time.

There is certainly something wrong somewhere that needs to be righted.

# CEDAR CITY CO-OP.

Ladies' Furs and Coats.

A line that will appeal to your good judgment.

Sweater Coats.

For men, women and children. Winter is coming and now is the time to prepare for it. We can fit you out.

Meus' Overcoats

The largest and best line in town. Remember

Our grocery stock is full and we always buy the best.

"The Old Reliable."

## Of Course It's Simple.

A woman told us the other day that she bought a Majestic Range of us because it was so simple to turn the damper and throw the heat from the oven into the kitchen.

Well, why not?

More than one woman has caught a severe cold from a chilly winter kitchen. Your kitchen probably is cold in winter too.

Why not have a cook stove that will heat or bake, or both, as you wish.

They're here---priced right.

A Hoosier Kitchen Cabinet will make you easy work.
